EUTHANASIA - DEFINED

- Mercy killing
- Assisted suicide
- Dying with dignity

4 TYPES OF EUTHANASIA

Passive Euthanasia	Active Euthanasia	Voluntary Euthanasia	Non-Voluntary Euthanasia
Allowing someone to die by withdrawing the medication that is keeping them alive.	Providing medication or assisting someone in a gentle and easy death.	When someone asks for assistance to die.	Helping someone to die when they are incapable of making the decision for themselves. Providing an easy and gentle death.

JAY FRANKLIN'S CASE

Throughout his life Jay had undergone more than 100 operations. Hardly a day had passed when he had not been in almost unbearable pain. His quality of life was so low that the Swiss euthanasia clinic had declared he qualified for an assisted death.

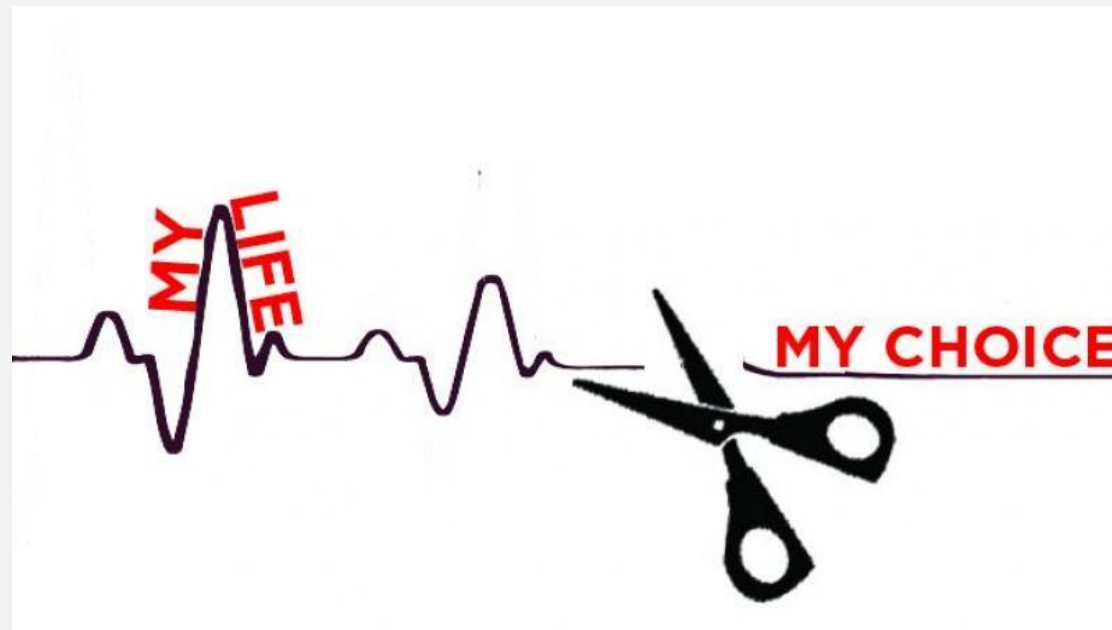

<https://www.theage.com.au/national/victoria/jay-franklin-is-pleading-for-help-to-end-his-life-peacefully-20150729-gimo7o.html>

SHOULD JAY KEEP FIGHTING HIS ILLNESS

EVEN IF THERE IS LITTLE HOPE?

IS IT JAY'S RIGHT TO CHOOSE WHEN AND

HOW HE DIES?

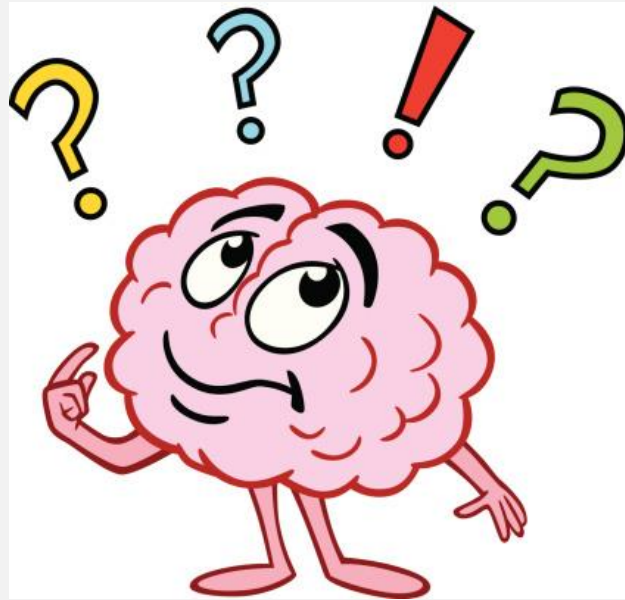

IF EUTHANASIA IS SOMETIMES RIGHT,
UNDER WHAT CIRCUMSTANCES IS IT
RIGHT?

HOW DO YOU THINK JAY'S FAMILY FEEL
ABOUT HIS DECISION?

IS IT FAIR FOR JAY TO ASK THEM TO BE
COMPLICIT IN HIS DEATH?

WHY DO WE GIVE OUR PETS DEATH WITH
DIGNITY BUT NOT OURSELVES?
