**LOOK AT THIS CLIP FROM THE
INTERVIEW WITH PROFESSOR YUVAL
NOAH HARARI ON 'THE ERA OF THE
CORONA VIRUS'.**

“The job market will be extremely volatile.”

- 1. Do you agree with what he is saying?**
- 2. In your opinion, which jobs do you think will be affected the most?**
- 3. If your job would be affected, what would your ‘Plan B’ be?**

Recap: Here, Professor Harari states that “not even the experts could tell [you]” us about what will happen to the job market in the future. Although he is certain that the AI (artificial intelligence) will “destroy” multiple jobs, it will create new ones. He also goes on saying that they “cannot predict” which skills will be needed for the working world.

LIFELONG LEARNING

- 1. What does lifelong learning mean to you?**
- 2. How willing are you to become a lifelong learner?
Why? Why not?**
- 3. If you answered yes to the second question, how
would you go about it? How do you intend to become
one?**
